- **Specific Mandate relating to the issue of Share Stapled Units as payment of Manager Fees of the Trust and the Company**

Specific Mandate relating to the issue of Share Stapled Units as payment of the Manager Fees under the Hotel Management Agreements and Trademark Licence Agreements for the three financial years ending 31 December 2020 was approved by independent Holders of Share Stapled Units at the extraordinary general meeting of the Trust and the Company held on 18 April 2018. Unless otherwise requested by the Hotel Manager in writing in accordance with the provisions of the Hotel Management Agreements and Trademark Licence Agreements, the fees payable therefrom for the years ended 31 December 2020 shall be settled by way of the issue of Share Stapled Units.

- **General Mandate to Issue Share Stapled Units of the Trust and the Company**

General mandate to allot, issue and deal with no more than 20% of the issued Share Stapled Units of the Trust and the Company was granted by the Holders of Share Stapled Units at the AGM of the Trust and the Company held on 18 April 2018.

Langham Hospitality Investments is constituted by laws of Hong Kong governing the Trust Deed entered into between the Trustee-Manager and the Company as a fixed single investment trust, meaning that the Trust may only invest in the securities and other interests in a single entity, being the Company.

The Trustee-Manager is a company incorporated in Hong Kong with limited liability and an indirect wholly-owned subsidiary of Great Eagle. In its capacity as trustee-manager of the Trust, the Trustee-Manager has a limited role only in the administration of the Trust and is not involved in the management of the operations of the Group.

The Company is a company incorporated in the Cayman Islands as an exempted company with limited liability. It is the holding company of the hospitality business carried on by the Group and currently owns and controls the Hotels indirectly through its subsidiaries.

Capital Structure of the Trust and the Company

Share Stapled Units are jointly issued by the Trust and the Company and each Share Stapled Unit is comprised of the following three components which, subject to the provisions in the Trust Deed, can only be dealt with together and cannot be traded individually:

- (a) a Unit in the Trust;
- (b) a beneficial interest in a specifically identified Ordinary Share in the Company held by the Trustee-Manager, which is "linked" to the Unit; and
- (c) a specifically identified Preference Share in the Company which is "stapled" to the Unit.

As the components of the Share Stapled Units, all of the Units, the Ordinary Shares and the Preference Shares in issue are listed on the Stock Exchange. However, for so long as the Share Stapled Units are listed on the Stock Exchange, trading on the Stock Exchange will only take place in the form of Share Stapled Units and there is only a single price quotation on the Stock Exchange for a Share Stapled Unit. No price is quoted for the individual components of a Share Stapled Unit.

Business Relationship with Great Eagle

Apart from the parent-subsidary relationship, the Trust Group maintains close business ties with the Great Eagle Group, which are governed by various formal agreements being entered into between the two groups as summarized in the chart on pages 42 to 43. These contractual arrangements also constitute continuing connected transactions of the Trust and the Company under the Listing Rules. Details of the transactions which are subject to disclosure and reporting requirements are provided in the Report of the Directors contained in this Annual Report on pages 78 to 84.

From the revenue perspective, each of the Hotels (excluding certain retail shops at Eaton HK) is leased to the Master Lessee, an indirect wholly-owned subsidiary of Great Eagle, pursuant to the Master Lease Agreements. In return, the Master Lessee pays rents, which represents the major source of income, to the Trust Group.

From the expense perspective, all the Hotels are managed by the Hotel Manager, another indirect wholly-owned subsidiary of Great Eagle, pursuant to the Hotel Management Agreements, and the Trust Group pays hotel management fees to the Hotel Manager. In addition, the Trust Group has entered into the Trademark Licence Agreements and the Centralised Services and Marketing Agreements in respect of each of the Hotels with the Hotel Manager and Langham Hotels Services Limited (an indirect wholly-owned subsidiary of Great Eagle) respectively and thus incurs licence fee and global marketing fees when carrying on the hospitality business.

These business relationships and the fact that some of the Directors and senior management members also hold directorships and/or roles in the Great Eagle Group might give rise to potential conflicts of interests between the Group and the Great Eagle Group. The Trustee-Manager Board and the Company Board believe that the potential conflicts can be sufficiently reduced as follows:

- the Group focuses on optimizing the performance of the three existing hotel properties, adopting a growth strategy of investing in completed stand-alone hotels in Asia. The Great Eagle Group, on the other hand, focuses on further capitalizing on its resources and expertise in developing its hotel management services operations and brand building.
- the Group is among the major contributors to the performance of the Great Eagle Group, any reliance that the Group may have on the Great Eagle Group in relation to its performance and growth will be mutually complementary.
- the Great Eagle Group has granted to the Company a Deed of Right of First Refusal pursuant to which the Group will have the first right to participate and to acquire completed stand-alone hotels in Asia (excluding Australia and New Zealand) should Great Eagle Group wish to sell or have the opportunity to invest in these hotels.
- various corporate governance measures are established seeking to address any potential conflicts of interest thereby safeguarding the interests of independent Unitholders. Details of which are set out in the section headed "Corporate Governance Measures to address Potential Conflicts of Interest" in this Corporate Governance Report.

The requirement to establish a Remuneration Committee is also not relevant to the Trustee-Manager as its Directors are not entitled to any remuneration payable by the Trust nor the Trustee-Manager, and the Trustee-Manager does not have any employee.

CORPORATE GOVERNANCE MEASURES TO ADDRESS POTENTIAL CONFLICTS OF INTEREST

Given the unique nature of the Group's business structure and its close relationship with the Great Eagle Group as discussed above, various corporate governance measures have been established to seek to address any potential conflicts of interest and competition between the two groups so as to safeguard the interests of independent Unitholders:

- any conflicted Directors must abstain from voting and will not be counted in the quorum of the relevant Board meeting in the event of any conflict issues;
- pursuant to Article 90 of the articles of association of the Trustee-Manager, a Director of the Trustee-Manager must give priority to the interest of all the Unitholders as a whole over the interest of the Trustee-Manager in the event of a conflict between the interest of all the Unitholders as a whole and that of the Trustee-Manager;
- potential connected transactions between the Great Eagle Group and the Group and the existing continuing connected transactions are reviewed and reported annually by the Independent Non-executive Directors and auditors of the Company;
- where the Trustee-Manager Board and the Company Board are required to determine matters under the Great Eagle ROFR Deed, such matters will be referred to the Independent Non-executive Directors and/or to those Directors who do not have a material interest in the matter; and
- specific corporate governance measures have also been put in place in respect of the operation of the Great Eagle ROFR Deed as follows:
 - (i) as part of the Trustee-Manager's and the Company's respective internal control systems, each has maintained a register of all opportunities/transactions arising from the implementation of the Great Eagle ROFR Deed;

- (ii) as part of its internal audit plan, each of the Trustee-Manager and the Company will, through the internal audit function, review the implementation of the Great Eagle ROFR Deed each year;
- (iii) the Audit Committee of the Company will review the implementation of the Great Eagle ROFR Deed to ascertain that the terms of the Great Eagle ROFR Deed have been complied with. The review will include an examination of supporting documents and such other information deemed necessary by the Audit Committee; and
- (iv) the Independent Non-executive Directors will review on an annual basis compliance by Great Eagle with the terms of the Great Eagle ROFR Deed and will disclose in the annual report of the Trust and the Company their findings on the compliance by Great Eagle with the terms of the Great Eagle ROFR Deed and any decision made by the Group regarding any exercise of the right of first refusal and the basis of such decision subject to not breaching any of the Group's or Great Eagle's contractual or legal obligations.

The Audit Committees of the Trustee-Manager and the Company shall be responsible for overseeing the implementation of the above measures. During the year 2018, there were no properties or investment opportunities being acquired by or made available to the Great Eagle Group that were subject to the Great Eagle ROFR Deed.

The Trustee-Manager with the Company (on the one hand) and Great Eagle (on the other hand) have boards of directors that function independently of each other. Notwithstanding that Dr. Lo Ka Shui and Mr. Lo Chun Him, Alexander, Directors of the Trustee-Manager and the Company, are also directors of the Great Eagle Group, given adequate corporate governance measures are in place, the three Independent Non-executive Directors of the Trustee-Manager Board and the Company Board would have sufficient expertise to manage the Trust Group in the event that Dr. Lo and Mr. Lo are required to abstain from voting on matters relating to the Great Eagle Group.

RISK MANAGEMENT AND INTERNAL CONTROL

The Trustee-Manager Board and the Company Board are entrusted with the overall responsibility on an ongoing basis for ensuring that appropriate and effective risk management and internal control systems are established and maintained for the Trustee-Manager and the Company. The systems are designed to provide reasonable but not absolute assurance against material misstatement or loss, and to manage rather than eliminate risk of failure to meet the business objectives. The following have been established and executed to ensure there are appropriate and effective risk management and internal control systems within the Trustee-Manager and the Company:

- (a) a good control environment including well defined organizational structure, limit of authority, reporting lines and responsibilities;
- (b) Risk Management Self-Assessment and Internal Control Self-Assessment conducted annually by the Trustee-Manager and the Company;
- (c) appropriate risk mitigating activities including clear and written company policies and procedures that can manage risks to an acceptable level for the achievement of the business objectives;
- (d) effective information platforms to facilitate internal and external information flow; and
- (e) structured internal audit function to perform independent appraisal of major operations on an ongoing basis.

Through the Audit Committees of the Trustee-Manager and the Company and the Great Eagle Group's Internal Audit Department, the Trustee-Manager Board and the Company Board have conducted an annual review on the effectiveness of the risk management and internal control systems for the year ended 31 December 2018.

With adoption of a risk-based approach, the Internal Audit Department takes the lead to evaluate the risk management and internal control systems of the Trustee-Manager and the Company by reviewing all their major operations on a cyclical basis. The audit reviews cover all material controls including financial, operational and compliance controls. The 3-year audit plan of the Internal Audit Department is approved by the Audit Committees. The Head of Internal Audit Department reports directly to the Audit Committees and the Chairman of the Trustee-Manager and the Company. Results of the audit reviews in the form of audit reports are submitted to the members of the Audit Committees for discussion at the Audit Committee meetings. The internal audit reports are also followed up by the Internal Audit Department to ensure that findings previously identified have been properly resolved.

Based on the results of the internal audit reviews for the year ended 31 December 2018 and the assessment of the Audit Committees thereon, no significant irregularity or deficiency in the risk management and internal control systems has drawn the attention of the Audit Committees.

The Trustee-Manager Board and the Company Board therefore are satisfied that the Trust (together with the Trustee-Manager) and the Company have maintained appropriate and effective risk management and internal control systems for the year ended 31 December 2018.
